

Pebble Project EIS Comment Form

You can submit comments using the form on the website (www.PebbleProjectEIS.com), to a court reporter at a public scoping meeting, or in writing (using computers available at a meeting or by mail). *We will not be taking public testimony at large meetings in Anchorage, Homer, and Dillingham.* If you'd like to mail your comments or submit them at a meeting, please feel free to use this form and attach additional sheets as needed. Write your comments, questions, and suggestions below, then fold this page in thirds so that the mailing address is visible. Remember to affix first-class postage before putting it in the mail, before the comment deadline of April 30.

The following questions may help:

- If the project goes forward, how might it affect you and your community?
- What are your specific concerns about this project and how should they be addressed in the EIS?
- Are there particular fish and wildlife resources, subsistence activities/use areas, or other places that you use and how might they be affected by the project?
- Are there alternative ways of developing any of the components of the Pebble Project that should be considered in preparing the EIS?

Please note that all public comments, including names and addresses of individuals and organizations, are publically available as part of documenting public involvement in preparing the EIS. The US Army Corps of Engineers intends to place public comments received during scoping on the project website.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
